

Children's Leader Position Description

ABOUT SIMPLECHURCHES

simplechurches is a network of house/missional churches that were started in 2006. For the uninitiated, this means that we do church primarily in homes; gathering together as family and friends all over the city, to eat, pray, and learn to follow Jesus together. Once a month, all these little "home churches" meet together for our CityWide gathering.

PHILOSOPHY OF CHILDREN'S/YOUTH MINISTRY

We are an intergenerational church who believe that one of the greatest gifts we can give to our children is life and worship done together. In our gatherings, children and adults learn and worship with each other. In this environment, children are disciplined, loved and encouraged by adults while conversely, adults learn to see the kingdom of God through the eyes of faith uniquely expressed in children.

Our dream is for children to grow up feeling like they are an integrated part of the church. Full members and participants, right from day one.

JOB DESCRIPTION

With the above philosophy in mind, we also believe in the added benefit that children leaders and mentors provide. These servants serve as an important part of the "village" that God uses to disciple children to maturity.
