

Children's Ministry Application Form

Our Values about children in Simplechurches. We value:

1. Children being incorporated into the life of the church. In this, adults have the freedom to learn from the children and children have the ability to learn from the adults.
2. Children in relationship with the full church. Our children need to know they are valued, loved and accepted. From this foundation, education, wisdom and knowledge of God can be taught and modelled.
3. The community taking responsibility to participate with and nurture the children around them. It takes a whole village to raise a child.
5. That the values of the church are the values of the children. The church needs to help the children live out our church values, and the children need to help the adults do the same.
